

Employee of the Month Recognition

As a way to recognize our employees (certified and classified) we will distinguish one employee from each school each month on our website. The employees selected will have their pictures and information displayed each month. The employees will be selected by his or her peers for outstanding achievements and/or accomplishments. The selection procedure will be determined by the worksite.

Upon selection of the employee of the month, please contact Mr. Mike Embrey to make a photograph of the individual selected. Create a biography that describes why the employee was selected and provide other words you would like to share about this person. This information should be submitted by the due dates listed below. Mr. Embrey will forward the picture of the employee to the webmaster.
