**SUGGESTIONS FOR PARENTS WHEN HELPING STUDENTS WITH HOMEWORK**

- Set up a consistent and organized place for homework
  
- Establish a consistent schedule to complete homework
  
- Encourage, motivate, and prompt your child, but do not sit with him and do the work together. The purpose of homework is for your child to practice what he has learned. If your child consistently cannot do the work himself, contact the teacher.
  
- Ask your child what parts are easy for him and what parts are hard. Ask your child how he can improve.
  
- When it is bedtime, stop your child from working, even if he is not finished.
