

This notice applies to employees and/or their dependents who are currently Medicare eligible or who will become Medicare eligible in the near future.

Important Notice from King William County Public Schools About Your Prescription Drug Coverage and Medicare

This letter is your Notice of Creditable Coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with King William County Public Schools and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan.

If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. King William County Public Schools has determined that the prescription drug coverage offered by Anthem Blue Cross Blue Shield is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. **Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from November 15th through December 31st.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current King William County Public Schools coverage will not be affected.

Current Anthem Blue Cross Blue Shield Prescription Coverage Copayments:

Your Prescription Drug 10-30-50 or 20% Plan	Tier 1 copay	Tier 2 Copay	Tier 3 Copay
Up to a 30-day medication supply at participating retail pharmacies	\$10	\$30	The greater of \$50 or 20% coinsurance with a \$200 prescription maximum
Up to a 90-day medication supply delivered to your home	\$10	\$60	The greater of \$150 or 20% coinsurance with a \$400 prescription maximum

Your current coverage pays for other health expenses in addition to prescription drug. If you enroll in a Medicare prescription drug plan, you and your eligible dependents will still be eligible to receive all of your current health and prescription drug benefits.

Please remember that your King William County Public Schools prescription drug coverage is part of your medical plan coverage. If you decide to join a Medicare drug plan and drop your current King William County Public Schools coverage, you will be dropping both your prescription drug and medical coverage, and you and your dependents may not be able to get this coverage back at a later date.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with King William County Public Schools and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.
