Emergency Contact: _____ Phone: _____

Medical Information

List all known allergies: _____

Other medical conditions: _____

Program Description

The Bridging Communities Summer CSI Academy is offered to middle school students entering the 7th or 8th grades. Academy hours are 8:30 am to 12:00 pm, Monday through Thursday, beginning July 10 and ending July 13. The Academy will take place at Bridging Communities Regional Career and Technical Center in New Kent. Students are expected to attend every day of the Academy. Students will be provided with a snack each day (please list any food allergies). Does your student have a questioning mind? Does your student like to discover clues and investigate possible leads? A week of "who done it!" will stimulate their mind and their senses. Students will combine principles of forensic science with deductive reasoning to explore and investigate. Students take on the role of lead investigators utilizing the same principles as forensic experts and detectives in the field as they team up to solve a "crime of the century" that has taken place in the small, fictitious town of Daltonville. All supplies and investigative equipment will be furnished. Tuition is \$50 and space is limited.

The Bridging Communities Summer CSI Academy has two goals:

- 1) All students will gain knowledge in the areas of investigative reasoning and forensics
- 2) All students will have FUN!

Waiver for Participation

By signing this document, I agree to allow my child to participate in the Bridging Communities Summer CSI Academy. I agree to hold harmless the County of New Kent, Bridging Communities, its staff, employees, program staff and volunteers from and against any and all liability from bodily injury and/or property damage which may result from my child's participation in the Academy. I understand that photographs may be used by Bridging Communities for promotional purposes.
